Our goal is to make sure each of our puppies is placed in a home that is well suited for their unique personality, and each family takes home a pet that fits their lifestyle. To help with this process, please complete the following questionnaire to formalize your interest in one of our future litters. Acceptance of this form by Spitfire TOLLERS does not guarantee you a puppy, but will enable you to be considered for one in the future. Please return completed questionnaires via e-mail. If you need more space, feel free to clarify in the e-mail itself. Thank you for your interest!

Our Expectations

The health of our puppies is very important to us. We request that you test for various genetic diseases Tollers are susceptible to when your dog is between 12 and 24 months of age. Involvement in this program is elective (but deeply appreciated) and all costs associated with the tests are the sole responsibility of the buyer. These tests include x-rays for hip and elbow dysplasia, an exam by a board-certified ophthalmologist for eye problems, and the UC Davis Toller Genetic Panel. Sending us these results helps us make sure we are creating healthy puppies and make more informed decisions for future pairings.

- ☐ I am willing to do all the above tests, and release the results to Spitfire TOLLERS.
- ☐ I am willing to do some of the above tests, and release the results to Spitfire TOLLERS.
